I was walking down the sky-way my way
When I saw the legs that I love
I was thinking 'bout drinking something
When I saw the legs that I love

I bought a car was a low-slung thunderwing
It moved like the sun of the dawn
My little baby, she's a tippie-toed vamperator
She moved like the sun of the dawn

woo...

Get it on right on

Do your thing O Oh Thunderwing
Do your thing O Oh Thunderwing
Yeah
Get it on right on

Well my wig-hat moves and my spaceball boots bounce
When I hear the music I love...yeah
A soap-box cart was the start of my wandering
When I hear the music I loved...yeah

Get it on, right on
Do your thing thunderwing
