Who's that jumping out the sky R-E-Y
Mysterio.....here we go

When the mask's out the girls they pass out

The boys just black out better tap out!

Go.....off the top rope so look out below

And the next thing you know you be on the floor

What you gonna do when your on ya back

From a mean body slam ah damn ya wack!

You like, what the heck, all of a sudden this dude sittin'
on my neck
Where's the ref?

Straight from the WWE

Know how much trouble you see, when you face the
man of mystery?

Flippin' and spinnin' and doing it fast

You can't remove the mask
[why?]......coz he's kickin' your ass!

C'mmon....

Who's that jumping out the sky R-E-Y
Mysterio.....here we go

When the mask's out the girls they pass out

The boys just black out better tap out!

Yeah.....

Who's that jumping out the sky R-E-Y

Mysterio.....here we go

When the mask's out the girls they pass out

The boys just black out better tap out!

Mr. Mysterious is serious

And he get's furious and delirious, and everybody's
curious

Wanna know were he's from and yeah who is he?

Know not a damn thing but he get's busy.

The entertainer and your now on his stage

And it don't matter if your in the ring or trapped in a
cage

What he looks like you all dying to see

But [guess what] looks like a winner to me!

C'mmon....

Who's that jumping out the sky R-E-Y
Mysterio.....here we go

When the mask's out the girls they pass out

The boys just black out better tap out!

Yeah.....

Who's that jumping out the sky R-E-Y
Mysterio.....here we go

When the mask's out the girls they pass out

The boys just black out better tap out!
