Who I Am

Verse 1

I wondered alone as a cloud
That drifts across the dull sky
I never new i was real
Until i believed i could cry
i new there was love around
Cause that is when i found you

Chorus

You cant leave me here forever
You know we were meant to be together
you cant turn and walk away
you said your'd always stay
So dont turn your back on me
Cause you wont let me be
Who i am

Verse 2

I look out of the window ledge
And see my dreams go passing by
I then realise who I am
I feel as if im going to die
It's my turn to say how i feel right here
I always believe that your close and near
Thats why i should help you no who i am

Chorus

You cant leave me here forever
You know we were meant to be together
you cant turn and walk away
you said your'd always stay
So dont turn your back on me
Cause you wont let me be
Who i am

Chorus x2

(echos) turn away
Who i am
forever
together
