I'm gonna build a raft  
And sit on the water there  
Hoping she will come, see the thing I made  
What a thing I made

Today I'm gonna sail  
Even if she doesn't show  
The ocean can decide  
Love is like a wave, love will never fail

Hope she gets here soon,  
I hope she isn't far away  
But if she is I'll sail anyway

Every day that I love her  
I kill myself  
It happens over and over  
There's no one else  
And I try to forget her  
But look at me  
Giving everything away for free

And when I'm out at sea  
I'm gonna write a song for her  
I'll sing across the bay  
Hoping she will hear, hoping she will hear

I think she's in her car  
And just above the motorway  
So hear my serenade beckoning her near, beckoning  
her near

And then she's gonna swim  
I didn't build my raft in vain  
But if I did we'll both drown anyway

Every day that I love her  
I kill myself  
It happens over and over  
There's no one else  
And I try to forget her  
But look at me

Giving everything away for free

Giving everything away for free, free  
Drown me it'll stop the pain, cos I love in vain  
Cos I knew, knew she'd never come  
Cos she couldn't bear the ocean  
She couldn't stand the waves

Every day that I love her  
I kill myself  
It happens over and over  
There's no one else  
And I try to forget her  
But look at me  
Giving everything away for free
