I wanna feel your body heat,
Me on top of you, you on top of me
Don't worry bout' your ride, you gone ride with me
You gone ride, when i drive im gone throw that beat.
See baby it's more than just being a freak
When im inside im looking for all
Im digging deep, no lie i wanna beat it to sleep.
Pitbull, the true definition of freak.

I like the way your body feels
On top of mine, so take your time & we can do it all
night
So you and me day or night,
Just let me know cause all you gotta do

So hit me up,(dale) hit me up,(dale) hit me up,(mami)
hit me up
Baby just one touch, thats all i need, all i needed
So hit me up, cause i been feenin', i been feenin'
To feel your body heat between the sheets,
Rubbin, kiss all over me
Im gonna do the same for you, oohh oohh oohh ooh

Do you remember last time, when we did it on the floor
It felt so right, you were begging me for more
Don't worry babygirl, i put it on record
Cause watch you in action is what turns me on the most

Every freakin' night & every freakin' day
I wanna freak your body in every freakin' way
Every freakin' night & every freakin' day
I wanna freak your body in every freakin' way

I like the way your body feels
On top of mine, so take your time & we can do it all
night
Be there for you any day or night, just let me know
cause all you gotta do

So hit me up,(dale) hit me up,(dale) hit me up,(mami)
hit me up
I think it's time for another session, another session

Thats what you told me on your message, on your
message
See you standing right in front of me, wearing nothing
but a tee
Oooh, i just can't take it no more

Every freakin' night & every freakin' day
I wanna freak your body in every freakin' way
Every freakin' night & every freakin' day
I wanna freak your body in every freakin' way
Baby im a f-f-f-f-freak you, you don't know it's cool ill
t-t-t-teach yah',
Next role-play i'll be the teacher, lay back relax, let me
eat cha'
I know you feel my passion through the speakers
Im infactuated with your features
Pretty lips, pretty eyes, phat ass, thick thighs, thats
what i like
I like the way your body feels
On top of mine, so take your time & we can do it all
night
I'll be there for you any day or night, just let me know
cause all you gotta do

So hit me up, hit me up, hit me up, hit me up(dale, dale,
mami)
So hit me up, im telling you just hit me up baby(dale,
dale, mami)
So hit me up, hit me up, hit me up(dale, dale, mami)
So hit me up, every time at night, girl you gotta hit me
up.(dale, dale, mami)
