Verse I

It's only been one hour since you walked out that door
And I'm missing you so much girl I can't ignore
The fact that I need you, girl we need to pick it up ohh
yeaaa

Verse II

I'm not trynna fight, I'm not trynna win
This aint no competition, lose or win
If this were true love we'd be on the same team
But all we do is yell and scream, oooooohhhhhh
ooooohhhhhh

Chrous

Don't wanna play these childish games no more
Don't wanna hurt don't wanna cry no more
I'm tired of arguing over*these little*things
Girl we can't go on cause in my heart this is wrong
yeahhh
But if you choose to give it one more try
I'll give my heart if I'm out of my mind
You know that I love you, you know that I care
But I don't wanna lose this love that we share

Verse III

So girl what you think about me
Do you really think I'm going crazy
Well I'm sorry but I can't do much about this
relationship
It's getting out of hand
And I really wanna love worth tryin' again yeaahh
I know I had my problems
I know that it's my fault
I'll open my pride and hope you put yours aside
And show me the way into your heart

Chrous

Don't wanna play these childish games no more
Don't wanna hurt don't wanna cry no more
I'm tired of arguing over*these little*things
Girl we can't go on cause in my heart this is wrong
yeahhh
But if you choose to give it one more try
I'll give my heart if I'm out of my mind
You know that I love you, you know that I care
But I don't wanna lose this love that we share

Bridge

Don't wanna be without you (be without you)
Don't wanna live without you (live without you)
Don't wanna be without you (be without you)
Don't wanna live without you (live without you)
Don't wanna be without you live without you (no no) x4

Chrous x2

Don't wanna play these childish games no more
Don't wanna hurt don't wanna cry no more
I'm tired of arguing over*these little*things
Girl we can't go on cause in my heart this is wrong
yeahhh
But if you choose to give it one more try
I'll give my heart if I'm out of my mind
You know that I love you, you know that I care
But I don't wanna lose this love that we share

Don't wanna be without you
Be without you, be without you
Live without you, live without you
Be without you, be without you
Be without you, be without you
Be without you, be without you
