First time I saw you girl  
You made my knees go weak  
Looked like the perfect type  
You were so damn fine  
And everyday after  
I felt like I was walking on thin air  
Aint even try to lie, baby girl I swear  
And every moment that passes by  
I seem to dream of you  
Your pretty pretty smile  
And the shine of your brown hair  
So I came to conclusion that I  
Gotta play this game  
My name is Reynard,  
Baby what's your name

(Chorus)  
Girl I aint ashamed  
But please don't think I'm lame  
I was wonderin  
What's your name?  
And if it's good with you  
Maybe we can be cool  
I was wonderin  
What's your name?

I can't seem to keep track of time  
Aren't you tired cuz you've been  
Running through my mind  
Day in and day out  
All I do is think of you  
But I aint even that girl  
It's all I wanna do cuz  
You're so contagious  
Yeah you are to me  
Aint it obvious yeah  
I'm diggin you baby  
I'm all up in this trance  
Can this be romance?  
I wanna get to know you girl  
Give me this one chance

(Chorus)

Break it down, break it down, oh break it down  
Can we get to know each other more how's that sound?  
Tell me what's your name, and where your from  
Can we get to know each other more baby love?  
What's your name? Tell me where your from  
Can we get to know each other more baby love  
Tell me what's your name and where your from  
Can we get to know each other more baby love

(Chorus)x2
