I'm a late developer
Might as well admit it
The sole conspirator
100% committed

I'm a crowd pleaser
Have a laugh at my expense
I'm a cock teaser
If it gets me what I want

Down don't back down
Don't back down
Round turn it round
Turn it round
Or those fuckers
Will eat you alive

Do you like me, do you like me.

Round turn it round turn it round
Down turn that down turn back down

I'm an exhibitionist
Showing in the here and now
A real guiterrorist...

Round turn it round turn it round
Down turn that down turn back down
Or those fuckers...

Are you like me
Are you like me
Are you like me
Do you like me
