Come
I will wait for you
Like a nightshade blooms
Twilight news

Soar
Flying high for you
Like a hawk for you
I will watch over you

Hail the night in fire
So alive in fire
Silver fire
In light
In blood

Hail the night
A new dawn my treasure

Come
I will fall for you
Through the sky with you
Through the stars for you

At night
When the blood rushes high
I'll rise
With the moon I'll rise

Hail the night in fire
So alive in fire
Silver fire
In light
In blood

Hail the night
A new dawn my treasure
