I'll always remember the song they were playin'  
The first time we danced and I knew  
As we swayed to the music and held to each other  
I fell in love with you

Could I have this dance for the rest of my life?  
Would you be my partner every night?  
When we're together it feels so right  
Could I have this dance for the rest of my life?

I'll always remember that magic moment  
When I held you close to me  
'Cause we moved together, I knew forever  
You're all I'll ever need

Could I have this dance for the rest of my life?  
Would you be my partner every night?  
When we're together it feels so right  
Could I have this dance for the rest of my life?

Could I have this dance for the rest of my life?  
Would you be my partner every night?  
When we're together it feels so right  
Could I have this dance for the rest of my life?  
Could I have this dance for the rest of my life?
