If you should ever think of leaving  
Don't let it go too far  
The love of a lifetime  
Darling, that's what you are

And now that I've found you  
I'll be counting on you  
To love me forever  
'Cause I need you, honest I do

Every single day my love for you  
Keeps growing more and more  
The lips of an angel  
Never kissed me before

And now that I've found you  
I'll be counting on you  
No man is an island  
And I need you, honest I do

It took an awful lot of looking to find you  
Oh, what a time I've been through  
'Cause darling is not very easy  
Finding an angel like you

Two of us together hand in hand  
We stand at heaven's door  
Together forever  
I'll be yours ever more

And now that I've found you  
I'll be counting on you  
To love me forever  
'Cause I need you, honest I do

The two of us together hand in hand  
We stand at heaven's door  
Together forever  
I'll be yours ever more

And now that I've found you

I'll be counting on you  
To love me forever  
'Cause I need you, honest I do

To love me forever  
'Cause I need you, honest I do
