I'm gonna live, laugh and love just for today
Gonna take all the trouble tomorrow might bring and
put it away
Gonna drink every drop of happiness till they cover me
up
I'm gonna live, gonna laugh, gonna love.

I've got a buddy that wakes up worryin 'bout stocks and
bonds
He's up and he's down and he only smiles when the
market's strong
Spent my whole week's wages at the dance on
saturday night
I wont ever grow portfolio but that's alright.

I'm gonna live, laugh and love just for today
Gonna take all the trouble tomorrow might bring and
put it away
Gonna drink every drop of happiness till they cover me
up
I'm gonna live, gonna laugh, gonna love.

--- Instrumental ---

I've got a cabin in the country and the tin roof rattles
when the rain comes down
But the wind through pine helps me unwind by the
world comes round
I've got a woman that fills my heart so full that it over
flows
How it gets better than this, brother I don't know.

I'm gonna live, laugh and love just for today
Gonna take all the trouble tomorrow might bring and
put it away
Gonna drink every drop of happiness till they cover me
up
I'm gonna live, gonna laugh, gonna love.

--- Instrumental ---

I'm gonna live laugh and love just for today

Gonna take all the trouble and put it away
Gonna drink every drop of happiness and cover it up
Gonna live, gonna laugh, gonna love.

I'm gonna live laugh and love just for today
I'm gonna take all the trouble tomorrow might bring
and put it away
Gonna drink every drop of happiness and cover it up
I'm gonna live, gonna laugh, gonna love.

I'm gonna live, gonna laugh, gonna love...
