In the shelter of your eyes
I have finally learned my song
It took so long to realize
I just can't make it all alone.

Words are only what they say
But this feeling isn't wrong
And I'm so glad I found the way
It's good to be where I belong.

And I'm gonna stay right here
'Cause I'm in rhythm with your mind
Tune out the world and rest my head
'Neath the shelter of your eyes.

--- Instrumental ---

Words are only what they say
But this feeling isn't wrong
And I'm so glad I found the way
It's good to be where I belong.

And I'm gonna stay right here
'Cause I'm in rhythm with your mind
Tune out the world and rest my head
'Neath the shelter of your eyes.

--- Instrumental to fade ---
