Snoop: Check this out man

(chorus: kokane)

I got bitches all in my game that don't even know my name

then pump your brakes, you hoes

Biotch!

You could talk all day behind my back, but wont say shit in my face

then pump your brakes, you hoes

Biotch!

you are then one, you are then one,

you are then one, you are then one, you are then one,

hooo

you are then one, you are then one,

you are then one, you are then one, you are then one,

hoo hoo

you are sexy, sexy, sexy, hmmm

[Snoop]

Carla, Darla, Charlene and Camina

Tereka and Erika, they love to take care of her

Real motherfucker from the DPG

Keesha, Resha, Tammy and Renesha

I appreciate the way y'all skate

when the clock hit eight

now April and Kate

Y'all be doin' too much

Running your mouths

Fuckin shit up, you gotta get up

cus I done had enough

Getting sick and tired of the same stuff
You told Kamil and she told Karla
and she told April and now they all know
But I could give a fuck 'cus all y'all my hoes
So, all that confronting the real nigga on site
today is today, last night was last night
As I leaned with my hand on my balls
I had to really check these bitches and tell them like this
dog

(chorus)

[Snoop]

Nina do this and Tina do that
Sabrina, Sakina, nigga them all my hood rats
Back in the days when I was on the ???
At an early age man
I was on the ???
Non-stop, I beat it up and tell that bitch to get going
(They be like hot butter on a breakfast toast)
Hollarin' out, poppin' a collar out
And talkin' shit on the phone to me at my baby-moma's
house
(who's she?) Look here bitch do you know who the fuck
I am
You better read your motherfuckin' first telegram
you remind me of this bitch that used to work for me
Had to cut the bitch up 'cus she tried to get too close to
me
And tried to confront me at a club one night
Fuckin' with her friend, a fake bitch (Is that right?)
But you know I had to stop and appause
And I put my hand on my balls and said ??? what's up
dog

(chorus)

[Snoop]

I got my own spot and I got my own keys
So can't no bitch talk shit to me
Like Kiki did me, bitch changed the locks
And kicked me up outta spot
I learned a lesson, I wasn't guessin' or stressin'
I got another bitch and she was at the ??? home
She said she needed a companion
Shit I needed a chaperone plus a new home
Snap, crack, it's on
But in no time at all seems she fell in love
But i wasn't ready for that
Topcat had to scat
I hit her friend from the back

While she was at work workin'
I was jerkin' that skirt
And fuckin with all her friends that was flirtin'
And when she found out she told me that that shit hurt
(boo-hoo)
A week later she fell in love with my homeboy Kurt
Bitch you a'int shit but dirt for dirt (biotch!)

(chorus x2)

(shoop)
This is a sexy bitch
