Though they say you're not my friend  
You've been here through thick and thin  
And for that little boy I love ya  
And all I wanna do is talk about you  
I'm here to stay, that I love you more each day  
And I just wanna tell the world that I love you so

Only put me down because, I love you as much I do  
They don't know what you've done for me  
Made such a happy woman out of me  
I'm here to stay, that I love you more each day  
And I just wanna tell the world that I love you so

I love, I love, I love, I love every little thing about you  
baby  
I love, I love, I love, I love every little thing about you  
baby

Though they say that I am wrong  
Cos my love is strong  
And there's only one that I'll place above ya  
And that's god that I place above ya  
Boy I just wanna say, that I love you more each day  
And I just wanna tell the world that I love you so

Some folks say that it's strange  
My whole life you have changed  
You saved all the pain the world's put on me  
And all I wanna do is talk about ya  
I'm here to say that I love you every day  
And I'm telling everybody that I love you so

I love, I love, I love, I love every little thing about you  
baby  
I love, I love, I love, I love every little thing about you  
baby
