Does Mr. White attack?
Cos he can't stand the fact that the planets about to
wear a cap to the back
Does Mr. Straight hate gay? Cos he's afraid? That deep
inside he may be that way
Is it cos the eastern man is earning more?
That he's gotta hide his family from the hate in his
store
If no then tell me what for

Violent times read the headlines
Woman dies continued on page five
The murderer's aged nine
Next up
Somebody's daughter standin' naked
Four reads priest beast convicted a rapist
He was nine, the lady was blind.
Attacked her from the back another kid lost his mind
Tell me what for?

If no then tell me what for
Can anybody justify?
If no then tell me what for
Can anybody justify?

Got people at war religion's the cause
False prophets bombin' down on innocent shores
In hell the future dwells
Eleven nearly twelve
Inhaling heaven, cos he's sick of the world
My neighbours son jumped, now he's everybody's
friend
Quick to claim his name, but you didn't back then
Tell me what for?

If no then tell me what for
Can anybody justify? Justify
If no then tell me what for
Can anybody justify? Justify
