(feat. Kaidi Tatham)

When the light shines down
And time goes slowly
When my mind's in the dust
Spoilt and dying

There's a pain in my hand
Inscribed to the sad and lonely
I've been so cold and alone thinkin' how long

Now if you had told me, she would come back
And if you had told me, the clock was gonna fall
If you had shown me, some affection
I would have believed you

Don't tell me the moon is blue
Cos tonight it's over, now the pain's in the dust
And you can't find your blue moon
It's over, ooh tonight it's over

And yeah you been bad
So why did I still want you to hold me?
My tears of broken glass thinkin' ho wlong

The blade was a sharp one
That cut me both ways and tore my world apart
Now I could have healed that wound so deep
But you wouldn't understand

Don't tell me the moon is blue,
Cos tonight it's over, now the pain's in the dust
And you can't find your blue moon
It's over, ooh tonight it's over

Don't you know that you hurt me so? You!

Don't tell me the moon is blue, cos tonight it's over
Now the pain's in the dust
And you can't find your blue moon
It's over, ooh tonight it's over
