Just when I thought I'd never fall in love again
You'd knock me off my feet
Make my heart drop a beat, I ain't never had,
Make me feel it's spring again and the last romance
seemed like a fling
I ain't never had, never had
A love like this and understanding space and time
I'm so glad your mine, glad your mine

Sometimes the word love
Just ain't good enough
To describe this I feel for you
Sometimes the word love
Just ain't good enough
To describe this I feel for you

Just when I thought I'd never get that chance again
You swept me from my feet

And kissed me o so sweet, like I never had,
Like the way you treat me like a lady
Even when I'm acting crazy, sure it's love enough, love
enough
Thankyou for understanding, space and time
I'm so glad your mine, glad your mine

[Chorus]

Just ain't good enough

[Chorus x2: Fade]
