Hey, you were captured by this heart of mine  
And you say that you don't believe me, Caroline  
Caroline, will we get there in your mind  
Will it take time, Caroline  
Will we get there in your mind  
Hey, you were captured by this heart of mine  
And we said that we both believed then, Caroline.  
Caroline, will we get there in your mind  
Will it take time, Caroline  
Will we get there in your mind  
[Chorus]  
Making up in your time  
(If you cannot make it right)  
Making up in your time  
(If you cannot fake the fight)  
Leaving all the broken things behind  
You believe it's over  
(If you cannot make it right)  
You believe it's over  
(If you cannot face the fight)  
You only show the things that you can't hide  
Hey, if i only say this one more time  
And erase all the sadness we've known, you decide  
Caroline, will we get there in your mind  
Will it take time, Caroline  
Will we get there in your mind  
Making up in your time  
(If you cannot make it right)  
Making up in your time  
(If you cannot face the fight)  
Leaving all the broken things behind  
You believe it's over  
(If you cannot make it right)  
You believe it's over  
(If you cannot fake the fight)  
You only show the things that you can't hide  
Hey you were captured by this
