Maybe I can get you in  
Spend my time on you again  
Leave our tickets, at the door  
We're not paying anymore  
(Chorus)  
When it's time to go  
I'll meet you in the parking lot  
We'll escape, like a Kamikaze  
But it's late, and you're tired  
But we're safe beneath the summer sky  
You and me, we're Kamikaze

Just to live is what you want  
But the change is what I need  
And I'm not wasting another life  
We can find somewhere to hide

(Chorus)  
When it's time to go  
I'll meet you in the parking lot  
We'll escape, like a Kamikaze  
But it's late, and you're tired  
But we're safe beneath the summer sky  
You and me, we're Kamikaze

Call me up when you're alone  
We can find somewhere to go  
We can pick it up again  
And we'll see the morning in

(Chorus)  
When it's time to go  
I'll meet you in the parking lot  
We'll escape, like a Kamikaze  
But it's late, and you're tired  
But we're safe beneath the summer sky  
You and me, we're Kamikaze
