Waiting For Me

By Rhubarb

Album:

Walking out on another day

In control take me anyway

I want to find out

All alone at another door

Got a taste but I wanted more

I want to find out

I wouldn't lie now

I want to find out

I'm older but I can't believe this soul

Waiting like a child

I'm calling can you tell me how to go

Waiting to be told

Want a taste of another land

Give my life for a second chance

I want to find out

Give myself to another king

What does your independence bring

I want to find out

I wouldn't lie now

I want to find out

I'm older but I can't believe this soul

Waiting like a child

I'm calling can you tell me how to go

Waiting to be told

Jesus are you waiting for me

Time to make my move

Calling out

I'm older now

I'm calling out
