I was with this girl last night  
Having sex with her was alright  
But it was just a one night stand  
Now tonight the girls aren't onto me  
I want them but why don't they want me?

I'm gonna stay up and get pissed all night  
No sex for me alright  
Jesus once said I believe in you  
I was crazy cause I was pissed alright

My mate just left with this mental whore  
I thought she'd be mine  
But no  
That freaking nigger over there has a chick

What about me  
Drinking ain't gonna get fucking anywhere

I'm gonna stay up and get pissed all night  
No sex for me alright  
Jesus once said I believe in you  
I was crazy cause I was pissed alright

Drunk  
Drunk or pissed tonight

I'm gonna stay up and get pissed all night  
No sex for me alright  
Jesus once said I believe in you  
I was crazy cause I was pissed alright
