Yeah c'mon
Get your ass up here
Your body makes me feel this way
Get you tits up in my face
I love you in your naked way
I wanna make love but not just today

I'm the unknown sex solider
Fucking any girl I want
They come onto me in packs
I love the way they rub my back
I'm the unknown sex soilder
Fucking any girl today

I was fucking a girl last night
When a nigger came by
Told me I was fucking with Nelly's girl
I told him "I can fuck any girl"
I was bumming her last night
When she told me I was fucking tomorrow night
I'm the unknown sex solider
Fucking any girl I want
They come onto me in packs
I love the way they rub my back
I'm the unknown sex soilder
Fucking any girl today

They love me
I love them
No man could say no to them
I was a good boy
But now I'm a bad man
Picking up nearly every hour

I'm the unknown sex solider
Fucking any girl I want
They come onto me in packs
I love the way they rub my back
I'm the unknown sex soilder
Fucking any girl today
