Thanks for the memories
All the apin but worth it all
Givin' up everything just to be with you
It's true
I was crazy bout you

Water walking was too hard
What about the tightrope
No
Ate anything you could swallow
Tried not think about tomorrow
Water walking was too hard

Questions you asked bout me
Thought bout you and remembered
It never could be
Answered them all and lived to tell you I love you
Water walking was too hard
What about the tightrope
No
Ate anything you could swallow
Tried not think about tomorrow
Water walking was too hard

Now I know the pain
Now I know your insane
Now I can feel your name
Now I can see the fame

Water walking was too hard
What about the tightrope
No
Ate anything you could swallow
Tried not think about tomorrow
Water walking was too hard
