If you want to hang on my shoulder  
I'm standing here  
If you want to do it all over  
Let me get near  
If you were another pretender  
I'd pass you by  
If you were a lost weekender  
Maybe I'd try  
When you gonna give me something to grab for  
When you gonna put it in my sight  
When you gonna give me something to grab for  
When you gonna show me what it's like  
If you want to talk about it  
I got the time  
When you're looking so enchanted  
You cover my mind  
If you think I'll wait forever  
Maybe you're right  
There's no such thing as now or never  
There's only twilight  
If you want to take it lightly  
It won't make a sound  
If you want to take me over  
I won't turn you down
