"In The Dark"

Every mistake enhances
You have different chances
You pass like a flowing stream
If you won or lost a battle that's not on me

Chorus:
I'm in the dark
Can't you see me alone
I'm in the dark
While it's a rapid cyclone

You sicken me get the fuck outta my face
Don't play that game with me
Your left alone to sit quiet in the dark
Believe me it will be hatred burn

Chorus 2x's

Oh In The Dark
Oh Frightness Upon
Oh In The Dark
Oh Frightness Upon
