You know you have to mind your fucking business when  
your around me [2x's]

I was sitting in the living room acting cool until you  
came and said I was a fool. I don't know what's your  
problem but if you ever hit me I'll fucking kill you. You  
blew your chance with me so get the hell out of my  
face.

You know you have to mind your fucking business when  
your around me [2x's]

I sucked your friend dick  
And it was very thick  
He gave me his number  
And we started kissing  
You know you have to mind your fucking business when  
your around me [2x's]

Mind Your Business
