I go dancing in the circle of life. Breathe all there is to breathe. Live all there is to live.

I will, won't you? I will, won't you share this dance?

Yes! I go dancing in the circle of life. Breed all there is to breed. Ride all there is to ride.

I will, won't you? I will... won't you dance with me?

Spinning the wheel of life. How can we have trust in this?

Still! I go dancing in the circle of life. Spin all there is to spin. Move all there is to move.

I will, won't you? I will... won't you dance this dance?

Let's go dancing in the circle of life. Swing all there is to swing. Fly all there is to fly.

I will, won't you? I will, won't you dance with me?

Spinning the wheel of life. How can we have trust in this?

Spinning the wheel of life. Come on, let's have trust in this!

So I go dancing in the circle of life. Breathe all there is to breathe. Live all there is to live.

I will, won't you? I will... won't you dance with me?
