I didn't expect them to know my name  
Surrounding me like a black steel frame  
I saw the world go up in flames  
I just smiled and stood there, watching

It doesn't seem like this is real  
I guess it's just the way I feel  
I don't know why

But I've learned from all my mistakes  
This time I will escape, I'm too young to die  
We're all too young to die

It doesn't seem like this is real  
I guess it's just the way I feel  
I don't know why

But I've learned from all my mistakes  
This time I will escape, I'm too young to die  
We're all too young to die
