"Always Away"

I'm the one who rolls.
I'm your rolling stone.
Leaving you a thousand miles from home.

I'm out in the cold.
Waiting to get home.
Thinking 'bout you when I'm on the road.

I just waste away.
Counting down the days.
It might be sunny but the
Sky is always grey.

And it's never getting easy.
And it never seems fair.
Why can't you be here beside me?

Why am I always away?
I'm tired of all this waiting.
I just wanna get back home.
I'm tired of all this waiting.
I just wanna get back...

I'm in and out of your life.
I disappear in the night.
When you call out I'm long gone.
I think that you'd agree
You've seen the back of me
More times than you
Would like to know.

And it's never getting easy.
And it never seems fair.
Why can't you be here beside me?

Why am I always away?
I'm tired of all this waiting.
I just wanna get back home.
I'm tired of all this waiting.
I just wanna get back home.

When I'm all alone

Far away from home.
When I'm all alone
Waiting to get home
All I think about
Is putting my head down.
Going town to town.
Getting in the road
That leads me back home.

I'm always away.
I'm always away.
I'm always away.
Goddamn always away.

I'm always away.
I'm always away.
I'm always away.
Goddamn always away.
