You don't know what you're doing  
You're going backwards  
The rings around your eyes  
Are only getting blacker

You wear an X on your hand  
I've got one in my head  
Burning me inside  
Wishing you were dead

Easy to see your life  
Is only for the taking  
You were doing what you did  
My heart was breaking

It broke  
You fucked up real bad  
You failed to know  
Just what you had

You needed me  
But you left me  
The hell alone  
It has to be

And you get  
What you give  
You're just so  
Deceptive

You don't like how we left it  
'Cause in the back of your head  
You regret things that you said  
Apology accepted

Didn't know you were bluffing  
I thought that I'd feel something  
But with you I felt nothing, nothing

It's too convenient  
Just to say you didn't notice  
Your life is upside down

And always out of focus

You're like a hypocrite  
You swear you never lie  
When things revealed themselves  
You should be doing time

Fucked up bitch  
Out crossing lines  
That's what you do  
And then you do it all the time

Do you remember  
How you treated me?  
The shoe is on the other foot  
And now the blind can see

You needed me  
But you left me  
The hell alone  
It has to be

And you get  
What you give  
You're just so  
Deceptive

You don't like how we left it  
'Cause in the back of your head  
You regret things that you said  
Apology accepted

Didn't know you were bluffing  
I thought that I'd feel something  
I think you failed inspection  
Apology accepted

You've got a knack for lying  
Talking loud and then hiding  
But now, look, see who's smiling

Me, motherfucker  
And it feels great  
It's just a matter of time  
Before you fade away

And I know you're sorry  
And you want to call me  
Just to tell me  
But it's too damn late

You're full of empty gestures  
You are non-essential  
It's inconsequential  
'Cause you chose your fate

Your life's a car crash  
You shoot your mouth off too fast  
Who knew it would be me  
With the last laugh

You like to fuck with things  
And say it didn't happen  
But I was there  
Your bullshit keeps me laughing

How do you sleep at night  
With all your lies?  
Piling up like parking tickets  
You don't pay the fine

You don't like how we left it  
'Cause in the back of your head  
You regret things that you said  
Apology accepted

Didn't know you were bluffing  
I thought that I'd feel something  
I think you failed inspection  
Apology accepted

You've got a knack for lying  
Talking loud and then hiding  
But now, look, see who's smiling
