I'm with the hottest girl in the club.
Everybody knows what I'm talkin' 'bout.
Hot sauce, she's the boss,
But I just don't wanna rock.
I don't even wanna get up to get down.

My favorite song is on the radio.
Blasting out the speakers down the block.
Everybody's waiting just to see what I will do.
When I insist on sitting down she yells...

Get up!
Get up! Up! Up! Up!

She got me on a string.
'Cause she's such a pretty thing.
When I fell for her I couldn't stop.

Nobody's moving when she starts to dance.
People wanna watch and give her room.
I like starting fights, making noise and being right.
But you know it's just an excuse.

All of the boys are looking at my girl.
Waiting in the wings to make a move.
You don't give a shit when you've got the biggest stick.
But when she grabs me by the belt there's nothing I can do.

So get up!
Get up! Up! Up! Up!

She got me on a string
'Cause she's such a pretty thing.
When I fell for her I couldn't stop.

Get up!
Get up! Up! Up! Up!

I start to feel the sting
'Cause she's such a pretty thing.
When I fell for her I couldn't stop.

You set, you set the tempo.
I bet, I bet you can't though.
You want, you want a hero.
Go dance with all the guys
I like watching from the sidelines.

So baby, baby if you want me
To start getting into the backbeat
Come get me off my seat and yell
Get up on the floor and dance with me!

Get up!
Get up! Up! Up! Up!

She's got me on a string
'Cause she's such a pretty thing
When I fell for her I couldn't stop.

Get up!
Get up! Up! Up! Up!

I start to feel the sting
'Cause she's such a pretty thing
When I fell for her I couldn't stop.

Get up!
Get up! Up! Up! Up! Up! Up!

Girl needs a diamond ring
She's so hard I start to sing
When I fell for her I couldn't stop.

Get up!
