I wanna drive up to my old house driveway  
Take a walk around my old bedroom  
Let the laughter and the memories surround me  
I wonder if they love it like I used to

Do, do, do, do, do  
Where did the time go?  
Do, do, do, do, do  
The little boy in the photos

Why can't it all just be like yesterday  
I'd be a lifetime away from 18  
Just sat by a window, playing songs on the radio  
Where did that time go?  
Won't someone tell me?

It's like my childhood just ran out my last birthday  
Now I've got all these responsibilities  
I'm still young but I'm old enough to know that  
I'm still meeting the man that's turning into me

Do, do, do, do, do  
Where did the time go?  
Do, do, do, do, do  
The little boy in the photos

Why can't it all just be like yesterday  
I'd be a lifetime away from 18  
Just sat by a window, playing songs on the radio  
Where did that time go?  
Won't someone tell me?

Won't someone tell me?

And now the neon London lights, they all surround me  
Busy streets full of faces I don't know  
Wanna tear the hands on the clock and turn them  
backwards  
Go to familiar places I call home

Do, do, do, do, do  
Where did the time go?

Do, do, do ,do, do  
The little boy in the photos

Why can't it all just be like yesterday  
I'd be a lifetime away from 18  
Just sat by a window, playing songs on the radio  
Where did that time go?

Why can't it all just be like yesterday  
I'd be a lifetime away from 18  
Just sat by a window, playing songs on the radio  
Where did that time go?  
Won't someone tell me?
