He takes directions from the way the wind blows  
He's attracted by the way that she steps on  
He keeps looking and she knows

Never used to get the 7.30  
He's got a job and has to be in early, oh  
But suddenly there's this girl and he thinks

Hold me close  
And I'll never ever think about letting you go  
Hold me close  
'Cause I never ever wanna be without you  
Never ever wanna be without you, oh

Makes a letter from a piece of paper  
Asking whether she would meet him later on  
He'd be a fool to let this go

He folds it up, it goes back in his pocket  
He wished he had it but he hasn't got it, no  
He'll never know if she thinks

Hold me close  
And I'll never ever think about letting you go  
Hold me close  
'Cause I never ever wanna be without you  
Never ever wanna be without you

All over the world there's people  
So close to meeting people  
But don't have the nerve to risk a no  
So they sleep alone

Oh I'll never ever have anyone to hold them close  
They let it go  
But I never ever wanna be without you  
Never ever wanna be without you

Hold me close  
And I'll never ever think about letting you go  
Hold me close  
'Cause I never ever wanna be without you

Never ever wanna be without you
