I was dry as a desert plain  
She came down like a summer rain  
Then came a hurricane

It was too intoxicating  
Feeling the pressure pushing down on me  
Fighting the gravity

And now I, I don't wanna stay, don't wanna go  
I don't want fast, don't want slow  
I don't want high, don't want a low  
Just wanna play it down the middle this time

Play it down the middle this time  
Play it down the middle this time  
I don't want two extremes, just in-betweens  
I wanna play it down the middle this time

I'm just a shadow of myself  
A plain old reflection of who I used to be  
It's staring back at me

Like a sun and a moon in the same sky  
I stood in a crowd and I feel like I'm all alone  
From color to monochrome

And now I, I don't wanna stay, don't wanna go  
I don't want fast, don't want slow  
I don't want high, don't want a low  
Just wanna play it down the middle this time

Play it down the middle this time  
Play it down the middle this time  
I don't want two extremes, just in-betweens  
I wanna play it down the middle this time

Don't want maybe or someday, baby  
I don't want maybe, I need to know right now

And now I don't wanna stay, don't wanna go  
I don't want fast, don't want slow  
I don't want high

Play it down the middle this time  
I don't want two extremes, just in-betweens  
I wanna play it down the middle this time

Play it down the middle this time  
Play it down the middle this time  
I don't want two extremes, just in-betweens  
I wanna play it down the middle this time
