I wish you out of the woods
And into the picture with me
I wish you over the moon
Come out of the question and be

If this going to
Run round in my head
I might as well be dreaming
Run round in my head

I rollercoaster for you
Time out mind
Must be heavenly
It's all enchanted and wild
It's just like my heart said
It was going to be

If this going to
Run round in my head
I might as well be dreaming
Run round in my head

If this going to
Run round in my head
I might as well be dreaming
Run round in my head

I wish you out of the woods
And into the picture with me
I wish you over the moon
Come out of the question and be

If this going to
Run round in my head
I might as well be dreaming
Run round in my head
