What is the meaning of life as we know it?  
And, who is the teacher and who is the child?  
When there are no road signs that point our direction,  
Sometimes it seems like the whole world is running  
wild

Oh, how I wish you were with us tonight  
Weâ€™d raise up our glasses, and bid you a fond  
goodbye  
Oh, if I could just see your face at my door,  
One more, one more time.

We live in a world of free will and volition  
We're turning our eyes to some power above  
We murmur the words of an act of contrition  
Knowing so many weâ€™ve lost and weâ€™ve loved.

And oh, how I wish they were with us tonight  
Weâ€™d raise up our glasses, and bid them a fond  
goodbye  
Oh, if I could just see your face at my door,  
One more, one more time.

Oh, and everything we ever thought might be endless  
or bound less  
Lie scattered around us in ruins  
We wonder why  
Buried there among the pages,  
The prophets and sages have bound to the ages  
The book of our lives

Oh, how I wish you were with us tonight...

Oh, if I could just see your face at my door,  
One more, one more time.

One more, one more time.

One more, one more time.
