Never knew love before  
Never dreamed there could be something more  
Felt my heart overflow  
With the danger of needing you so  
It's a mystery I can't explain  
But I shiver when I hear your name

You are the fire, every desire  
Breathless we fall in love  
Love is the answer, we are the dancers  
Breathless we fall in love, we fall in love

You've crept into my soul  
And I'm ready to lose all control  
Let our hearts fill with light  
Every movement you make is so right  
It's a mystery I can't explain  
But I shiver when I hear your name

No need to worry, no need to hurry  
Breathless we fall in love  
Love is the answer, we are the dancers  
Breathless we fall in love, we fall in love

Fall  
I fell in love with you baby  
It's a mystery I can't explain  
But I shiver when I hear your name

You are the fire, every desire  
Breathless we fall in love  
Love is the answer, we are the dancers  
Breathless we fall in love, we fall in love

No need to worry, no need to hurry  
Breathless we fall in love  
Love is the answer, we are the dancers  
Breathless we fall in love, we fall in love

You are the fire, every desire  
You are the fire, every desire  
You are the fire, every desire
