Hey, uhh

Know just how to hurt me
How to take all my pain away
Girl, you must be the Devil in disguise
There were times, I think you knew
When I was so afraid of you
There's some kind of madness in your eyes
You know a place buried deep in my heart
Nobody else can see
Something in you
Has taken some kind of hold on me

I don't know why I keep coming back to you, Babe
I don't know why I keep coming back to you
To you Baby

Woh, huh
You say we shouldn't be lovers
And I say we can't just be friends
All this talking just makes me want you more
You've got a way of confusin' a heart
Nobody else could do
Why should I try, I don't want to get over you

No, ha, I don't know why I keep coming back to you,
Babe
(Don't know why)
Just still be waiting, I keep coming back to you, my Baby
(I don't know why)
I don't know why I keep coming back to you
(I, I)
(Keep on coming, keep on coming)
(Keep on, keep on, keep on coming)
Just tell me why I keep coming back to you
(I, I)

I'm so in love
So in love with the games that you play
So in love
Nothing can keep me away
You've got a way of confusing a heart

That nobody else could do
Why should I try, I don't want to get over you

Ohh, I don't know why I keep coming back to you, Babe
Oh just tell me why I keep coming back to you, Baby
(I keep coming)
(Coming to you)
I don't know why I keep coming back to you
(Keep on coming, keep on coming)
(Keep on coming, keep on coming)
Just tell me why I keep coming back to you, Baby
(Oooh)
To you Baby
Oh oh woh
(Coming right over to you)
Yeah
