Victim of temptation cannot make it go away  
See it and you want it, baby, never hear a word I say  
You know I don't want nothing I don't deserve  
Oh no, I won't take less than I know I'm worth

All this talking makes me feel like a monkey in a cage  
Ain't no point in trying to change a man of my age

Love unemotional, purely physical  
What I'm staying for's a mystery to me  
Love unemotional, the heart's invisible  
Love unemotional, is that what you want from me?

People say I'm crazy, wonder why I play your game  
Sure beats feeling lonely, baby, but the story ends the same  
I wanna feel like I'm living in a fairy tale  
Don't wanna be just another broken heart for sale

Do I have to hit my knees and beg for something more?  
Maybe this is not the love I've waited for

Love unemotional, simply physical  
What I'm staying for's a mystery to me  
Love unemotional, the girl's insatiable  
Love unemotional, is that what you want from me?

Do you feel no shame in being so unkind?  
All touch and zero feeling, I don't see a way of  
changing your mind

Girl, this kind of life is bound to leave you all alone  
The light inside your heart is on but no one's home

Love unemotional, purely physical  
What I'm looking for's a mystery to me  
Love unemotional, the heart's invisible  
Love unemotional, what do you want from me?

Love unemotional, the soul's invisible  
What I'm doing here's a mystery to me  
Love unemotional, the girl's insatiable

Love unemotional, what do you want from me?

You're just a victim of yourself, you're just a victim of  
yourself

You're just a victim of yourself, you're just a victim of  
yourself

You're just a victim of yourself, you're just a victim of  
yourself

You're just a victim of yourself, you're just a victim of  
yourself
