My head is tired
In need of consolation
Iâ€™ve lost sight
Of the destination
I took my hands off the wheel
I swear, for just a moment
But I really donâ€™t remember

Iâ€™m frozen to the bone
Iâ€™m drowning all alone
The waterâ€™s taken over
I used to have the touch
But now Iâ€™ve lost the feeling
And only you can save me
Only you can save me

My heart is torn
Patched up like an old rag doll
And I can feel
Barely anything at all
I canâ€™t go back, I canâ€™t go on
Canâ€™t hide behind the in-between
Iâ€™m at the bottom and still falling

Iâ€™m frozen to the bone
Iâ€™m drowning all alone
The waterâ€™s taken over
I used to have the touch
But now Iâ€™ve lost the feeling
And only you can save me
Only you can save me
