I've got the fever  
Poison in my veins  
My mind ain't working right  
I know the answer  
The way to ease this pain  
Only got myself to fight

I can see clearly  
But choose to be blind  
A slave to desire  
Holding me, scolding me  
Changing your mind  
You're like playing with fire

Chorus  
I need you  
I want to stay on  
This soul motion ride  
There is no danger when you're here by my side

Given some distance  
Just a little time  
Right and wrong seems clear  
But my sense of reason is nothing  
But unkind  
Every time that you're near

Over and over I say to myself  
Ooh, she's only playing  
Ten thousand reasons to find someone else  
Still I hear myself saying

Repeat Chorus

I'm out here on the edge  
And I know what's in store  
It should be over and done  
Just let go and run  
But I've tasted too much  
Nothing's the same anymore

Repeat Chorus
