When you woke up this mornin' on your front lawn
You had a smile on your lips and your wallet was gone
You remember some girl but the rest is all a blur
Well you're not the first one to fall under her spell
I know dozens of guys who've been there as well
They've got scars to show and they owe 'em all to her

That was Lulu
Did she fool you?
That was Lulu
That ain't legal
That ain't voodoo
That was Lulu

Well Lulu's got charms that money can't buy
(Oh)
And she's made her reputation makin' strong men cry
All the victims may change but their stories are the same
Lulu's there when your airplane just happens to crash
Still she walks away without even a scratch
Leavin' in flames but she never leaves her name

That was Lulu
Did she fool you?
That was Lulu
That ain't legal
That ain't voodoo
That was Lulu

And I know what I'm talkin' about I saw it all from the start
Long before she started runnin' around
Who do you think ran away with my heart that was
Lulu,oh
Ohh

Ooh yeah

Yeah that was Lulu
Did she fool you?
That was Lulu

Yeah that ain't legal, ha
That ain't voodoo
That was Lulu

That was Lulu
That was Lulu
Yeah hey
Aw
Ooh hey ya
