I saw you in the window
Of a café I passed by
And though clearly my reflection
It was your face I recognized
And after all these years
Iâ€™m still right here
Where you left me
And Iâ€™ve been calling out
Believing you would answer
But Iâ€™ll try to let go now
Cause itâ€™s you running through my veins
Youâ€™d come by when I was dreaming
But lately youâ€™ve been gone
Maybe Iâ€™ve been trying too hard
Maybe you have just moved on
I guess thereâ€™s not a lot
That you forgot
To tell me
But Iâ€™ve missed you hanginâ€™ round
And the way we were together
But I can let go now
Cause itâ€™s you running through my veins
Oh, oh
Yeah, itâ€™s you running through my veins 3x
