Where's that leave a guy like me  
Windy city square  
If all that sells is tragedy I haven't got a prayer

Should I try to lose it all, kick it off the track  
Just to say I took the fall but "look who's comin back"

What's the story, where's the dirt  
Nobody's happy til somebody gets hurt  
I don't want t keep up with all that  
The garbage that you swallow gonna someday make  
you fat

Normal childhood, beautiful wife  
excuse me having a wonderful life  
Why should I be hungry for someone else's pain  
Heroes should have something but talent for fame  
Double barrel in the mouth nails it every time  
But that's what legend's all about  
Ain't no bigger headline

What's the story, where's the dirt  
Nobody's happy til somebody gets hurt  
I don't want to keep up with all that  
The garbage that you swallow gonna someday make  
you fat  
Maybe I should frequent all the places that IÂiÂ~m  
avoiding  
And maybe you should work on building rather than  
destroying

If this is making friends, I'd rather be lonely  
So where's that leave a guy like me  
Windy city square  
I may never make page three but ask me if I care

What's the story, where's the dirt  
Nobody's happy til somebody gets hurt  
I don't want to keep up with all that  
The garbage that you swallow gonna someday make  
you fat
