"Your Goodbye"

Another morning just like all the rest
Still nothing beating here inside my chest
Day turns into night as if everything's all right,
and then the lonely shadows fall

Just look at what's become of me
I can't remember how to breathe
Never knew that I could hurt this way
I can't hold on, I can't let go
My head denies what my heart knows
It's something I can't bring myself to say

I don't believe I'll ever quite survive your goodbye

Staring at your picture on the wall
is keeping me from any sleep at all
I'm lonely in the crowd,
the silence is too loud,
and all this darkness hurts my eyes

Wake me now and tell me I've been dreaming
Turn back the clock somehow
