You were the little angel, everybody noticed you
Had a shining light of beauty only I could see through
And I thought you were something special even as a
child at play
But you said a man in shining armor would carry you
off someday

Take my love wherever you go, whatever you do
I'll try to be strong for you, keep my face inside of your
mind
Don't let it fade or let it get lost to time
'Cause when you finally see through the veil

Through all of the hopes and dreams your fairy tales
I will be waiting for you, waiting for you
If all else fails, if all else fails

You said there was something out there that you and
you alone
Could find and I tried in vain to tell you it was all inside
your mind
But I'd rather let you have your freedom than live with
the bitterness
But it's so damn hard to do it, so baby, just remember
this

Take my love wherever you go, whatever you do
I'll try to be strong for you, keep my face inside of your
mind
Don't let it fade or let it get lost to time
'Cause when you finally see through the veil

Through all of the hopes and dreams your fairy tales
I will be waiting for you, waiting for you
If all else fails, if all else fails

No matter how it ends, I'll always be your friend
Don't ever be afraid, I'm with you, I'm with you

And when you finally see through the veil
Through all of your hopes and dreams, your little fairy
tales

I will be waiting for you, waiting for you
If all else fails, if all else fails, don't be afraid
