Girl tell me only this
That I have your heart for always
And you, you want me by your side
Whisper with the words: I always love you
And forever I will give you love

And I know if you really can
I'mma always be there
Now I need to tell you this
There's no other love like your love
And I as long as I live I'll give you all the joy of my heart
And so can give
Let me hold you I need you to have you near me
And I feel you in my arms
This love will last forever
because I truly truly love you girl
Because I truly have a hill With your love
Cause I'm with you And with your love I'm free
because I'm truly, you know you alright with me
