Lyrics McCafferty / Music Charlton

Into the ring and let the fight begin  
The crowd are all in  
They wanna see some blood  
You've been telling everybody  
'bout the things that you're gonna change  
Now's the time to toe the line  
'cause everybody's sick and tired of games  
We wanna see what you're made of

Time for the dance  
Another side-step chance  
The judges are here  
They wanna feel the beat  
Got your number on your back  
And you get points for every move you make

Wanna see those flashing feet  
We wanna see if you can make a break  
And have you  
Have you got the right stuff  
Have you  
Have you got the right stuff  
Are we doing something for you  
Or can you do something for me  
Are you gonna make a few moves  
Or sit back and let it all be  
Wait and see

Into the ring and let the fight begin  
The crowd are all in  
They wanna see some blood  
You've been telling everybody  
'bout the things that you're gonna change  
Now's the time to toe the line  
'cause everybody's sick and tired of games  
And have you  
Have you got the right stuff  
Have you  
Have you got the right stuff  
Are we doing something for you

Or can you do something for me  
Are you gonna make a few moves  
Or sit back and let it all be  
Wait and see
