Light a cigarette, my baby (yea)  
Light another one for me  
And I will lay beside you  
Now I feel you in every molecule of me  
In every cell of my body  
You are running through me  
I can't resist you  
So watch me as I'm falling  
As I...

Fade into you  
For the first time in my life  
Strange you never knew  
I ain't lying  
Fade into you  
This is the first night of my life

Of course there will still be mornings  
Mornings that burn our eyes with lights  
But as long as you're around me  
Well I can make it to the night  
When the lights go down & I  
I come to you  
Oh, please let me come to you  
Oh now my love  
Let me...

Fade into you  
For the first time in my life  
Strange you never knew  
I ain't lying  
Fade into you  
This is the first night of my life

So catch me as I'm falling  
As I...

Fade into you  
For the first time in my life  
Strange you never knew  
I ain't lying  
For the first time in my life

Fade into you  
I ain't lying  
For the first time in my life
